

WALES NUCLEAR FORUM

The Wales Nuclear Forum is the leading forum in Wales providing a platform for strategic engagement between the nuclear industry and Welsh-based suppliers.

Promoting industry-leading insight and cross-sector collaboration through networking, events and training, since its inception in 2015 the WNF has grown to become the central place for anyone looking to remain aware of the latest nuclear industry developments in Wales.

WHY JOIN THE WNF?

Together, we will:

- Promote the strength, diversity, professionalism and depth of services offered by Wales Nuclear Forum members to the nuclear industry
- Foster collaboration between Forum members, enabling joint enterprises to attract business which might be lost to individual companies
- Collect and aggregate knowledge from Wales Nuclear Forum members and act as a conduit for dissemination of useful information

FEATURES AND BENEFITS OF WNF MEMBERSHIP

- Regular networking with a sector-specific group, providing key opportunities to build working relationships and share best industry practice
- A sharing and trusting environment in which to share ideas and innovation
- Awareness of key events happening within the nuclear sector – not just within Wales, but across the UK and internationally
- Collaboration between members, allowing for joint enterprises to attract business which might be lost to individual companies
- Opportunities to attend leading industry events, benefitting from insight from key speakers – including developers, Tier 1 and Tier 2 contractors
- Increased brand promotion and credibility from being a WNF member
- Promotion through WNF digital channels, including web and social media

WNF STRUCTURE

In 2018, following the introduction of a subsidised fee structure to support the growth of the Forum, WNF Limited was established as the legal entity for the Forum and its activities as a private company limited by guarantee without share capital.

There are currently three officers on the WNF Ltd Board:

- Peter J. Cornish
- John L. Ruddleston
- Julian Vance-Daniel

The Wales Nuclear Forum is managed by a steering group made up of 11 industry leading professionals and led by the WNF Chair.

- Peter J. Cornish (*WNF Chair*)
- John L. Ruddleston
- Dr. John Idris-Jones
- Vivienne Crompton
- Mike Bialyj
- Jeffery Moss
- Julian Vance-Daniel
- Jason O'Malley
- Georgia Gascoyne
- Ian Faulkner
- Richard James (*Observer, Welsh Gov*)

Together, the Steering Group champions the ideas of its members, taking them forward with the Welsh Government to make a significant impact within the nuclear industry.

BECOMING A FORUM MEMBER

The Wales Nuclear Forum membership structure operates in line with employee numbers for companies based in Wales, ensuring fairness and inclusivity for all companies regardless of size or turnover.

Number of employees	Annual fee
1-5	£100
6-49	£250
50+	£500
<i>Associate</i>	£150
<i>Partner</i>	£2000

PARTNERSHIPS

Our Partner members are heavily involved in the development and direction of the Wales Nuclear Forum, with responsibility to support our members through membership of the WNF Steering Group, keynote speaking opportunities at WNF events and website profiling opportunities.

Current partners are Acorn, Synergie and the Welsh Government, who regularly support the WNF in its activities.

ACCOMPLISHMENTS & ACHIEVEMENTS

Since it was first formed in 2015, the Wales Nuclear Forum has;

- Brought together more than 150 members from all areas and tiers of the nuclear industry supply chain; encouraging strategic engagement between the nuclear industry and key stakeholders including the Welsh Government and public sector organisations
- Exhibited at regional, national and international events to promote the mission of the Wales Nuclear Forum and raise brand awareness of WNF member organisations
- Launched a brand-new website, including profiles for all members with information on latest industry news and thought-leadership

EVENTS PROGRAMME

The Wales Nuclear Forum runs regular events and training opportunities for members. Drawing from current industry issues, events programmes are created by the steering group with support from members when required.

Events range from breakfast networking meetings to tours of high-profile sites such as Hinkley Point and forum-led events with key industry speakers.
